

# Caregiver Resource Directory

August 2015

While it is impossible to capture a complete list of resources, this directory includes the most commonly referenced resources for caregivers of recovering Service members, most of them at the national level. The National Resource Directory has vetted them; though it makes no recommendations or endorsements about the quality of services offered. All the resources and links included here were accurate and up-to-date at press time; however, it is unavoidable that some will become outdated over time. We recommend you always seek updated information using your preferred search engine.

This directory is a dynamic document that will be uploaded and refined on a regular basis. We encourage you to access the electronic version of the Caregiver Resource Directory through the Warrior Care Blog ([warriorcare.dodlive.mil/wounded-warrior-resources/caregiver-resources/](http://warriorcare.dodlive.mil/wounded-warrior-resources/caregiver-resources/)).

For more comprehensive listings of state and local resources, please visit the National Resource Directory at [www.nrd.gov](http://www.nrd.gov).

If you have questions or feedback regarding the directory, please send an email to [InfoNRD.osd@mail.mil](mailto:InfoNRD.osd@mail.mil).

# To the caregivers of recovering Service members...

A serious wound, illness, or injury doesn't just significantly change a Service member's life. As the caregiver of a recovering Service member, your life has changed significantly as well and you are now facing new and demanding challenges. With many organizations offering different types of help and services, it can be difficult to sort out the specific type of help or services best suited for your needs. Therefore, this directory was formulated with you—the caregiver—as its primary focus. It was designed to provide information in a manner that enables you to quickly identify many of the available resources that address your particular needs and requirements. In addition, this directory serves as another tangible demonstration from a grateful nation that you are not in this alone!

Whatever particular challenges you are facing, or whatever specific help you need, we hope this directory can assist in the following ways:

- **Help you get the type of assistance you need.** This directory lists many government and nonprofit resources, which you can access both in-person and online, intended to address just about every conceivable need you may have. Most are free to you.
- **Help you get educated about your recovering Service member's medical condition.** Knowledge is power, and no one will advocate for your Service member the way you will. Plus, the more you learn about your loved one's condition, the more comfortable, prepared, and capable you'll become to handle any unexpected circumstances you may encounter.
- **Help you connect with others.** You'll discover, if you haven't already, that you're part of a larger community of caregivers and caregiver supporters who have made themselves available for contact, interaction, and networking. You are truly not alone.
- **Help you take care of yourself.** This is a subject often overlooked but vitally important. Unquestionably, the act of caregiving exacts a tremendous physical and mental toll on the caregiver. So, it's important that you make self care a top priority. With that in mind, look for the heart icon (♥), which designates resources specifically designed to help you do so.

**Just remember, taking care of you is never a selfish act—  
it's an act that helps you take care of your hero better now and in the future!**

“Military caregivers play a **fundamental role** in the lives of their wounded, ill, and injured Service members as they transition back to military or civilian life. Treating our Service members and their families as a whole recognizes that once a Service member becomes ill or injured, the family becomes ill or injured as well. As a member of this new recovery team, military caregivers often times sacrifice their careers, hobbies, and interests to support their Service members. It is imperative that we support our **military caregivers, bolster their strength**, give them opportunities to **connect with their peers**, and encourage their abilities to care for themselves and their families. The Caregiver Resource Directory, in conjunction with Military Caregiver PEER Forums, serves as an **invaluable tool** that aids military caregivers in resolving the myriad of issues they face on a daily basis.”

Mr. James Rodriguez  
*Deputy Assistant Secretary of Defense,  
Office of Warrior Care Policy, OSD*

# Helplines Offering Information and Assistance

The Marine Corps, Army, and Navy Safe Harbor have hotlines that operate 24/7, including the Marine Corps Sergeant Merlin German Wounded Warrior Call Center and the Army Wounded Soldier and Family Hotline. # Respite Care for Caregivers

TRICARE'S respite care benefit offers short term care to seriously ill or injured active duty Service members to give their caregiver some rest and a change from assisting them with activities of daily living (e.g., dressing, feeding, hygiene). The case manager or another approving authority may approve respite care if the Service member's care includes more than two "interventions during the eight-hour period per day that the primary caregiver would normally be sleeping." Respite care is limited to eight hours per day, five days per week, and must be provided by a TRICARE-authorized home health agency. Federal law authorizing respite for TRICARE ECHO participants—family members of Service members—was amended to allow this benefit for Service members.

# Veterans Service Organizations (VSOs)

## What They Are and How They Can Help

VSOs are not part of VA. VSOs are recognized national and state organizations that help veterans and their families with their claims. These services are provided free of charge. VSOs can help you with questions about your VA claims. They can also act on your behalf regarding your claim with VA.

A directory of VSOs can be found at: [www.va.gov/VSO](http://www.va.gov/VSO)

# VA Grants for Home Modifications

**Specially Adapted Housing (SAH) Grant:** The SAH grant is designed to help provide a barrier-free living environment that affords the individual a level of independent living he or she may not otherwise enjoy, such as a wheelchair accessible home. Veterans with specific service-connected disabilities may be entitled to a grant for the purpose of constructing or modifying a home to meet their adaptive needs. The grant is currently limited to \$64,960.

**Special Home Adaptation (SHA) Grant:** The SHA grant is for modifying an existing home to meet adaptive needs, such as assistance with mobility throughout the home. Veterans and Service members with specific service-connected disabilities may be entitled to this type of grant. The grant is currently limited to \$12,992. A temporary grant may be available to veterans and Service members who are or will be temporarily residing in a home owned by a family member.

**Home Improvement and Structural Alterations (HISA) Grant:** The HISA program offers assistance for any home improvement necessary for the continuation of treatment or for disability access to the home and essential lavatory and sanitary facilities. A HISA grant is available to veterans with service-connected and non-service connected disabilities who have received a medical determination indicating that improvements and structural alterations are necessary or appropriate for the effective and economical treatment of their disability.

# Travel Benefits for Caregivers

If the recovering Service member is being treated away from his or her family, family members and caregivers may be able to travel at government expense to be with the recovering Service member. Travel is handled much like other military travel and requires submitting a travel voucher for payment.

Up to three members of the immediate family may be eligible to travel to the recovering Service member's location while he or she is an in-patient. When the recovering Service member becomes an outpatient, the local finance office can provide one family member orders to remain during recovery. Recent changes to the Joint Federal Travel Regulation (JFTR) now allow more than one non-medical attendant present under extenuating circumstances.\* Family members who are eligible for this travel include parents, spouses, children, and siblings. Like the military travel orders, incremental payments and extensions to the orders may be needed if the stay as an outpatient is an extended one. Family members' travel orders will cover the cost of travel, hotel bills, meals, and some incidental expenses up to a maximum daily amount determined by the location. Some expenses, like a rental car costs are not reimbursable. Each Service handles the process of issuing orders for family members and reimbursing them for expenses in a slightly different manner.

---

\* JFTR change 291 to JFTR U5250-C, dated 1 March 2011.

# Home and Automobile Modifications and Special Equipment

## Automobiles and Adaptive Equipment

[benefits.va.gov/benefits](https://benefits.va.gov/benefits)

## Special Compensation for Assistance with Activities of Daily Living (SCAADL)

Special Compensation for Assistance with Activities of Daily Living (SCAADL) was authorized by the Fiscal Year 2010 National Defense Authorization Act. This special monthly compensation is for Service members who incur a permanent catastrophic injury or illness and require assistance with activities of daily living or who require constant supervision. SCAADL helps offset the loss of income by a primary caregiver who provides non-medical care, support, and assistance for the Service member.

Contact a member of your recovery team (to include the Primary Care Manager, Nurse Case Manager, Recovery Care Coordinator, Non-Medical Care Manager, or unit leadership) for the SCAADL application and guidance.

## DoD Compensation and Benefits Handbook for Wounded, Ill, and Injured Members of the Armed Forces, 2011

Download at: [warriorcare.dodlive.mil/benefits/compensation-and-benefits](http://warriorcare.dodlive.mil/benefits/compensation-and-benefits)

The *Compensation and Benefits Handbook* can help you understand and make better use of the processes, procedures, and resources that wounded, ill, or injured Service members and their family/caregiver may need. Topic areas include Recovery, Medical Care, DoD Pay and Allowances, The Disability Evaluation System, Disability Compensation, Survivor Benefit Plan, Social Security, Reintegration, and VA benefits.

Many of the answers to your questions will depend on your specific, personal circumstances. Take advantage of the assistance of your Recovery Care Coordinator (RCC), Army Wounded Warrior (AW2) Program Advocate, Navy Safe Harbor Non-Medical Care Manager (NMCM), or Federal Recovery Coordinator (FRC) to find the answers to your questions or help you contact the appropriate experts.

# Physical Evaluation Board (PEB) Disposition Findings

When the PEB makes its decision on medical fitness for duty, there are **five possible outcomes**.

**1 Return to Duty:** If the conditions are not considered severe enough to make the Service member unfit for duty, the Service member will be returned to his/her job and Service. No disability benefits would be paid while continuing to serve, but the Service member may be eligible for VA benefits after leaving the military.

**2 Separate without Benefits:** Some injuries are determined to be “not in the line of duty” if they are a result of intentional misconduct or willful negligence or took place when not on orders if a member of the National Guard or Reserve. If the injury is found “not in the line of duty,” but is “unfitting,” the member could be separated without benefits for those injuries. If the injury or illness resulted from a medical problem before entering the service, and the injury or illness was not permanently aggravated by service, the member may be separated without benefits.

**3 Separate with Severance Pay:** If one or more of the member’s conditions are considered “unfitting” for continued service, but the combined disability rating for all the unfitting conditions is less than 30 percent, the member may be separated from Active Duty and be awarded severance pay based on their time in service and current pay grade.

**4 Transfer to the Temporary Disability Retirement List (TDRL):** The TDRL allows the Service to ensure a medical condition stabilizes before making a final disability determination. If the Service member is eligible for permanent disability retirement, but the condition is not considered stable, the member will be temporarily retired and placed on the TDRL for a maximum of five years. Every 12–18 months the Service member will be medically reevaluated to determine if the condition remains unstable, or has either changed (improved or worsened) or has stabilized. Benefits while on the TDRL are the same as those for the Permanent Disability Retirement List (PDRL). While on the TDRL, disability retirement compensation will be at least 50% of retired base pay. If during those five years, the Service determines the condition is stable and the member is fit for duty, the Service will offer the member the chance to return to duty. If the condition stabilizes, but the member is not able to return to duty, the member will be either separated with severance pay or transferred to the PDRL, depending on the final disability determination.

**5 Transfer to the Permanent Disability Retirement List (PDRL):** If all the unfitting conditions resulted in a combined disability rating of 30 percent or higher, and the condition is considered stable (meaning the disability rating is unlikely to change within five years), the member will be permanently retired for disability and placed on the PDRL. This provides the member with disability retirement pay, access to TRICARE for the member and dependents, commissary and exchange privileges, and all other benefits or regular military retirement. If the Service member has more than 20 years of service and the combined disability rating is less than 30 percent, the member will be allowed to retire with all the regular military retirement benefits.

# Military Caregiver PEER Initiative

The Military Caregiver **Personalized Experiences, Engagement and Resources (PEER)** Initiative utilizes Military Family Life Counselors at Army, Navy, Marine Corps and Air Force installations to organize and conduct forums that provide non-medical counseling opportunities for caregivers.

At these forums, attendees discuss topics *they* would like to focus on like managing stress, nutrition, financial wellness, employment etc. Caregiver peer-to-peer forums aim to reduce stress, provide emotional support, and be a resource for valuable information through guided discussion among caregivers, allowing them to share practical, accurate, and thorough information based on their personal life experiences.
